

## **AccuQuilt Helps Beginners to Advanced Quilters with Six New Studio Dies**

(Omaha, NE) July 16, 2019 – AccuQuilt, a U.S. based company that specializes in manufacturing premiere fabric cutting machines, announces the release of six new dies for the AccuQuilt Studio 2™ Fabric Cutter. Five of the dies are setting triangles designed to ease some big challenges with advanced quilt patterns. The sixth is a highly-requested new Block on Board® (BOB®) die for Studio.

The Studio Setting Triangles come in five different finished block sizes – 6-inch, 8-inch, 9-inch, 10-inch and 12-inch – and simplify the confusing math associated with on-point quilts. The side setting triangles and a corner setting triangle are on each die board. The sizes coordinate with square dies already included in the AccuQuilt collection to create on-point quilts in five of the most common finished block sizes.

“We’re really excited about this release,” says Lynn Gibney, Product Development Director. “The Studio Setting Triangles are versatile and can make intimidating patterns more approachable, regardless of a quilter’s skill level.”

Due to popularity of the GO! Pineapple – 10” Finished die, AccuQuilt is releasing the Studio Pineapple-12” Finished die (50176) which has all the pieces needed to create the traditional block pattern on one board. The die features 13 difficult to cut by hand shapes that can cut up to 10 layers of fabric.

The Studio Pineapple-12” Finished die includes block assembly instructions and works with the Studio Setting Triangle-12” Finished and Studio Square-12½” Finished (50021) to create an on-point pineapple pattern. If quilters have been hesitant to try this more complicated quilt pattern, this release will be the reason to finally give it a try.

As with all die releases, AccuQuilt will share free patterns for each of the new Studio dies on [accuquilt.com](http://accuquilt.com). Please note that these new dies are designed to work with AccuQuilt’s Studio 2™ Fabric Cutter, and Studio dies are not compatible with AccuQuilt’s GO! Baby®, GO! Me®, GO!® and GO! Big® fabric cutters.
