DID YOU
KNOW

If you subscribe to our [News/Events Blog](#), you can learn about MBD in just a few minutes. Topics such as the benefits, common mistakes and do's & don't's of MBD are just a click away.

When supplying the Renishaw Equator with program files, it requires the DMIS program and a CAL. Regardless whether the DMIS program is in Imperial or Metric units, the CAL file is used at the I++ level, and this communication level is always in metric (mm).
