

*Making Sense of Measurement*

*December 1, 2015*

Hi Janet,

Don't miss out on these informative upcoming events for December.

**Dec. 9th @ 11am**      [Model Based Definition Webinar co-hosted with Capvidia](#)

**Dec. 17th @ 11am**      [Using the CheckMate 14 Probe Builder](#)

**Tech Tip**                      [Enable/Disable Tolerances to save you time](#)

**Model Based Definition webinar**  
co-hosted with [Capvidia](#) : Wed. Dec. 9th - 11am EST

**Learn how to automate your inspection process  
in SOLIDWORKS!**

What you learn during the webinar can *reduce inspection program generation by up to 80%*.  
Here's what we will demonstrate at the webinar using SOLIDWORKS, FormatWorks and CheckMate.

1. Import and use MBD data from any CAD system
2. Eliminate Manual entry of GD&T from 2D drawings
3. Eliminate human errors
4. Automate the inspection process for CMM and Laser Scanning applications.

This webinar will give you much needed experience without having to commit to off-site training and

this knowledge will be essential for working with automotive or aerospace clients.

To take advantage of this opportunity and attend our webinar on Wednesday December 9, 2015 at 11:00:am Eastern Standard Time, [click here](#) to register.
