Dimensional Services LLC

[Our Newest Tech Centre](#)

"Dimensional Services LLC provides consulting services for development and problem solving of dimensional issues in stamped parts using Root Cause analysis.

Also providing coordinate measuring machine programming and measurement services for tool and die builders for their sample submissions to their respective customers.

Tech Tip #40 : Create PRB probe

Reviewing how to create a PRB probe file (for later use in a SLDPRT file) from a 'Probe Builder' probe while in a SLDASM file, in CheckMate for SOLIDWORKS®.

For a list of CheckMate Shortkeys [click here](#)

**DID YOU
KNOW**

When you need assistance from Origin's tech support, and you need to send us the files that you are working on, If you are programming in an assembly file (SLDASM), you must also send the part files (SLDPRT) that were used to create that SLDASM file. Otherwise, we won't be able to see any of the CAD geometry.

Send parts via email

A quicker way to send parts via email...[see it here](#)

Receive News When it Happens

You can receive news when it happens by subscribing to our blogs. Just click on one of the three blogs below that you are interested in and on the left side enter your email address...it's that easy
