HD Intercom and Facility Control Station

Survey Questions

- How do you like the overall appearance, design, and ease of handling? (ex. style, color, material, texture, volume)
- What types of applications do you think are necessary for this device? (ex. calendar, email, music)
- How is the user experience? Let us know how we can improve.
- Are there any usage or features that are confusing to use? If yes, please let us know so that we can provide instructions for use.
- What important enhancements would you suggest we consider for this device in the future?
- What is the typical application you envision for this device? (door control)
- What types of vertical markets do you see using this product? (luxury apartment buildings, security teams)
- What critical feature on this device would you consider when purchasing? (ex. voice and video capability, integration with door systems)
- If you are experiencing any bugs, please provide as much detail as possible. (software version being used, steps taken to identify the bug, rationale behind a feature suggestion, etc.)
