

# HRIS & Payroll

Businessolver® has partnered with Ultimate Software to provide you with an integrated, comprehensive HR solution. Through our Single Sign On integration, we provide a robust benefits enrollment, benefits administration and HRIS technology, all combined with personal service and support. Working together helps us be better, faster, stronger and most importantly, keeps your data even more secure. We don't want to just be another provider, we want to be an extension of your HR team. Businessolver will effortlessly and proudly manage your benefits administration while Ultimate Software takes care of the rest!

## Services Provided:

- ▶ **Time and Labor Management** – Automate and simplifies time tracking. They support time entry with ease and efficiency and seamlessly integrate with employee and pay information.
- ▶ **Talent Acquisition & Management** – Their talent solutions can help you engage and develop your workforce for today and tomorrow.
- ▶ **Learning** – Provide employees with consumable, on-demand content and provide a new learning experience to train and develop your people.
- ▶ **Payroll Administration** – They handle the most complex payroll requirements in just a few simple steps.
- ▶ **Surveys and Sentiment Analysis** - Go beyond traditional employee-survey tools and gain the insight needed to enhance the employee experience.
- ▶ **And so much more!**
