

## PRESS RELEASE FOR IMMEDIATE RELEASE

# Westinghouse Lighting Continues Offering Choice

May 21-23, 2019

LIGHTFAIR® International, Philadelphia, PA

**PHILADELPHIA, PA MAY 2019** - When it comes to outstanding, efficient lighting solutions, there is no other company like Westinghouse Lighting - the only company with a well-recognized brand that carries a full line of lamps, ceiling fans, lighting fixtures and lighting accessories. Westinghouse combines the latest advancements in technology with lighting expertise to create exceptional products for residential and commercial applications. Visit Westinghouse Lighting in its hometown of Philadelphia in Booth #1741 at LIGHTFAIR® International to view a selection of its exciting new products across all categories.

Westinghouse Lighting offers a full range of LED lighting products, including a robust assortment of high-quality LED lamps for all applications, both commercial and residential. The company continues to focus on offering choice by expanding its wide selection of specialized solutions for recessed lighting applications. When it comes to commercial environments, Westinghouse offers a growing selection of products and is excited to introduce horticultural lighting options for the first time this year.

In addition to LED lamps and retrofit solutions, Westinghouse Lighting offers captivating indoor and outdoor fixtures in both trending and classic finishes, many of which feature LED technology. With a wide variety of styles available, from modern to vintage-industrial to traditional, the company provides stylish, distinctive lighting fixtures to illuminate any space.

Year after year, Westinghouse Lighting increases its selection of powerful yet efficient ceiling fans. Inspired by trending styles and finishes in home décor, these fans have eye-catching design features and include LED light kits to boost their energy-efficiency. Durable craftsmanship ensures lasting performance and beauty.

Westinghouse Lighting is your one-stop resource and destination for energy-saving lighting products for both residential and commercial applications. Visit Booth #1741 at this year's LIGHTFAIR® International to catch a glimpse of the company's new additions!
