

Citrix Health Check by Zinopy

WHAT IS A HEALTH CHECK?

This consultation process will inspect your current Citrix (XenDesktop, XenApp or legacy environments such as Presentation Server) server farm and outline a broad set of operational and security requirements. Zinopy's Health Checks go further than the standard audits on the market. Zinopy provide a comprehensive report during the Citrix Health Check. Our service concentrates on the needs of the relevant managers who must supply an effective Citrix platform.

With our status as the leading Citrix Platinum Specialist Partner in Ireland, comes experience and quality of service regardless of your environment size.

CLIENTS COMMON ISSUES

WHY ZINOPY?

Zinopy has been a Citrix Partner for over 15 years and has been a Platinum Solutions Advisor for a decade, retaining this prestigious status every year since. Zinopy is Ireland's first Citrix Partner to achieve Citrix Specialisations in all four fields, Virtualisation, Mobility, Networking for Data Center Technologies and Networking for Apps and Mobile Security.

Zinopy specialises in the provision end to end services in core infrastructure, virtualisation technologies and information management. Zinopy is Ireland's largest and local Citrix Platinum Partner and has consistently been Ireland's largest and most successful Citrix Solutions and Support provider since 1999.

We have been successfully performing Citrix Health Checks since 1999 and have continued to have a very close working relationship with Citrix. Our Citrix accreditations, specialisations and commitment to implement Citrix solutions since our inception are unrivalled. Zinopy and Citrix are also affiliate partners for the Citrix Academy which gives us access to a breeding ground for the best and brightest Citrix technical resources in Ireland.
