

ELITE CONTROL PANEL

The multi-function control panel from TyloHelo for saunas or steam rooms is packed with advanced features, thanks to its internal processor and operating system. It includes energy saving functions and WiFi/App connectivity and is compatible with Cup, Vienna, Havanna, Laava, Magma, Octa, SKLE, SKLA, Saga E heaters and Helo Steam and Helo Steam Pro steam generators. Elite is included with Roxx, Rocher and Himalaya heaters.

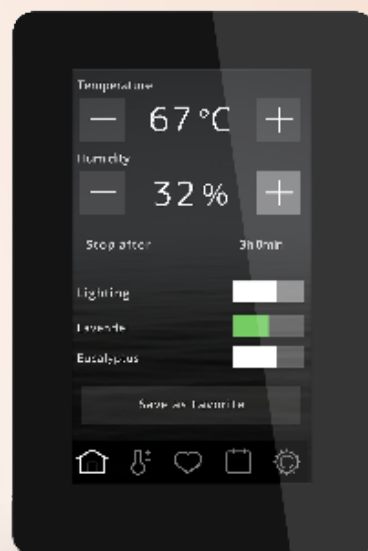

Elite control panel

Elite can be individually programmed according to your own schedule. Add features such as auxiliary fans, fragrance pumps or lights – the Elite control panel handles it all with clear and concise precision. The 4.5-inch touch screen delivers real-time status on every aspect of your sauna and steam bath. Naturally, it includes steam and temperature settings and local WiFi app-connectivity.

In commercial settings, it is possible to manage multiple units from one point of access, and set unique profiles for different locations.

Elite's stand-by mode option can reduce energy consumption by up to 30%.

Product details
