

SENSE COMMERCIAL ELECTRIC SAUNA HEATERS

The Sense line-up of efficient electric sauna heaters consists of a comprehensive product range, catering to a multitude of users and applications. With a wide range of power outputs available, along with different physical sizes, the Sense is easily placed in small residential saunas as well as high-traffic commercial and public settings. We have split the Sense family into three groups, Sense, Sense Combi and Sense Commercial.

TYLÖ®

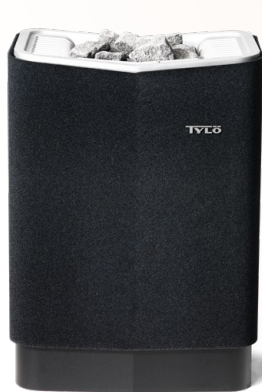

Sense Commercial

Sense Commercial 6-8

An electric sauna heater for smaller commercial or public saunas. An excellent choice to replace outdated installations as it is fully compatible with electronic or mechanical control units, or with the digital control panels Elite and Pure when combined with relay box Commercial lite. The Sense Commercial sauna heater is also available with two different power outputs of 6.6 or 8 kilowatts.

Sense Commercial 10-20

A suitable electric sauna heater for larger commercial or public saunas. An excellent choice as replacement for outdated installations as it may be combined with electronic or mechanical control units and fully compatible with older generations of control panels as well as with the digital control panels Elite and Pure. Available with power outputs ranging from 10.7 to 20 kilowatts. It can also be combined with a steam generator to provide a soft sauna experience.

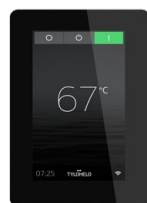

SENSE COMMERCIAL 6-8

SENSE COMMERCIAL 10-20

Model	Product code	Power (kW)	Sauna size (m ²)	Measurements W x D x H (mm)	Rocks (kg)	Weight (kg)	Relay box	Minimum distances to side wall / ceiling (mm)
Sense Commercial 6	61001025	6.6	4-8	431 x 375 x 559	20	16	Commercial Lite	110 / 1900
