

# Tylö Glazed section Evolve

## More glass provides a larger experience

As the world's leading sauna manufacturer, Tylö offers you the potential to create your dream sauna. By opening up the sauna with a glazed section, you increase the feeling of space and amount of light gives a sense of wellbeing in your sauna. As we make the glazed sections ourselves here at Tylö, they all satisfy the demands as regards safety and detailed finish.

Tempered 6 mm safety glass and offered in either bronze-colored glass or clear glass. Type /v is supplied with a heater plate and has vent in the glass.
