

## Asset Performance & Predictive Maintenance Benchmarking & Leading Practices

### The Business Issue

The client wanted to determine the value of large scale adoption of asset performance & predictive maintenance solutions and engaged 10EQS to get help with determining the ROI of similar efforts at other mining companies.

### The Solution

10EQS assessed benchmarks and best practices from mining companies that applied a digital strategy for predictive maintenance and asset optimization.

### The Result

10EQS quantified impact and ROI of using asset performance and predictive maintenance solutions at other leading mining companies, which helped drive the client's investment decision.
