

## Electric Aircraft Landscape & Trends

### The Business Issue

The client was looking to better understand the industry landscape and developments for electric aircrafts.

### The Solution

10EQS provided an actionable opportunity assessment for two identified market segments including (electric) Air Taxis and larger commercial aircraft (hybrid-electric). 10EQS also provided a comprehensive overview of R&D considerations, along with an overview of regulatory and policy-related considerations.

### The Result

10EQS assessed the future market opportunity for electric and hybrid-electric aircrafts for a client who wanted to decide whether to enter this market, possibly in partnership with other players.
