Introduction

The end of the year 2018 is fast approaching. This time of year is very busy and can be very stressful for everyone. We hope this year-end guide will be useful for you in preparing for the remainder of the year and overall readiness for W-2s.

Important: Deadline for Employers Filing W2s and 1099s

The Consolidated Appropriations Act of 2016 includes a provision requiring the accelerated W-2 and 1099 filing due date. Due to the increased incidents of tax fraud and Identity theft, the IRS has moved forward with a provision to require employers to report W2 and 1099 data to the Social Security Administration and IRS by January 31st.

It's essential for businesses to be prepared as soon as possible in the months leading up to the due date. This means organizations must participate in advanced planning to ensure all documentation is submitted accurately and on time. We encourage human resources and payroll teams to begin planning now and **submit changes and year-end adjustments early**. Please pay close attention to timelines and important cut-off dates in our Year-End Guide.

Client Processing Deadlines

Standard Deadlines

Payrolls need to be submitted **at least two banking days in advance** of the check date to allow sufficient time for payroll funding and employee direct deposits to be received and posted by the check date.

Due to strict banking rules, we will not make exceptions to the two-day rule. If you need to process one day before, you will be required to wire funds. Any payroll with \$100,000 or more in federal tax liability or total ACH Debit of \$500,000 or more will also require a wire.

Year-End Deadlines

Any 2018 payrolls and adjustments must be complete before any 2019 payrolls can be processed. A few important points to remember:

Bonuses and extra payrolls. If you are paying bonuses or have any extra payrolls that need to be included in your 2018 W-2s, notify us by November 30, 2018 (wiring of funds may be required).

Payroll Adjustments

Make sure payroll adjustments (e.g., voided checks) are done **before** your last payroll of 2018 is processed.

Year-End Adjustment Cut-off Date

For adjustments processed after December 31, 2018, please remember that tax agencies may consider tax payments late and you (the customer) will be responsible for penalties and interest that any agency may assess. Payroll adjustments must be processed by 5:00 pm ET on January 7, 2019. Any adjustments made after January 7, 2019 will result in a W-2c for employees as well as amendments and fees will apply. **We encourage you to process adjustments well in advance of January 7, 2019.**

Fringe Benefits

Identify and schedule special payroll adjustments such as group-term life, auto allowances and other fringe benefits. Because some of these fringe benefits require tax withholdings, they will need to be entered at the same time as a normal payroll run before the end of the year.

Reminder: Process year-end adjustments early. Do not wait until January.

Important: Payrolls processed in 2018 that have a **pay date of 2019** will show up as wages on the 2019 W-2! These wages will not be part of your 2018 YTD totals.

Year-End Checklist

Review processing deadlines and identify your last payroll(s) of 2018.

Review Paymedia's Holiday schedule and Federal Reserve Holidays for 2018 and 2019.

Perform an audit of employee data related to SSN, name and mailing address and make any updates in Paymedia by **November 30, 2018**.

1099 printing – Paymedia will not print 1099 forms unless you return the year-end questionnaire to your Customer Service Representative (CSR) by **November 30, 2018**.

Return year-end questionnaire to your CSR if any year-end adjustments are needed such as group-term life, personal use of company car, third-party sick pay, etc., by **November 30, 2018**.

Third-party sick pay information should be processed by December 31, 2018. If you won't receive the necessary information in time, please indicate on year-end questionnaire.

Identify and process any end-of-the-year payroll such as bonus and fringe benefits by December 14, 2018.

Enter any additional manual checks and/or voided checks that need to be recorded in 2018, prior to December 14, 2018. If you enter additional manual checks/or voids after this date or after processing your last payroll for the year, please contact your support team to ensure they are processed prior to W-2 printing.

Call your CSR with any questions regarding year-end processing well in advance of **November 30, 2018**, so that there will be sufficient time to address and resolve any outstanding issues.

Year-End Maintenance Details

Audit

Employee W-2 information must be correct as the IRS may charge a penalty for filing W-2 forms with incorrect information. Take the time to audit your employee records.

Please verify Social Security Number, name and address for each employee (the name must be exactly as it appears on the employee's Social Security card).

For your convenience, please use the following report for verification purposes:

Reports > Client Reports > Employee W2 Verification > Run report.

*** Please note: For those clients who do not access their reports on-line, the Employee W2 Verification Report was included with your first payroll processed after November 1, 2018.*

Any updates to name, Social Security Numbers or addresses should be made immediately and no later than November 30, 2018. Access your employee records and make corrections in Paymedia as follows:

Employee Management > Employee Maintenance > General.

W-4s

Send a reminder to your employees regarding submitting a new W-4 for 2019. Employees who are currently claiming **exempt** from withholding must submit a new form W-4 by February 15, 2019 to maintain that status. Employers are required to begin withholding federal tax for those employees who fail to provide a new W-4 by that date. Also, any employees who have experienced a life event may need to submit a new W-4 due to the change in number of allowances.

Employer Portion of Health Care

The Affordable Care Act provides that employers must report the cost of employer-provided health care coverage on W-2 Forms.

Reporting is mandatory for employers that file 250 or more Forms W-2.

The amount reported should include both the portion paid by the employer and the portion paid by the employee.

Please check the appropriate box on the Year-End Questionnaire and return by November 30, 2018. It is your responsibility to preview your W2s and verify the amounts in Box 12 DD prior to printing W-2s. Review W-2s prior to December 3rd and contact your CSR for changes that you need made. Additional fees will be charged if you fail to report changes that result in reprinting of W-2s.

FUTA Credit Reduction

Some states take Federal Unemployment loans if they lack the funds to pay unemployment benefits for state residents. If a state has outstanding loans with the federal government, the FUTA credit rate for employers in that state will be reduced until the loan is repaid.

The result of being an employer in a credit reduction state is a higher tax due on the Form 940. This higher tax is considered incurred in the 4th quarter. Therefore, your company will owe additional federal unemployment taxes that will need to be impounded. Future communication will include details regarding the FUTA credit reduction calculations.

Tax Documentation Requirements

IRS and State Notifications for 2019

Unemployment rates and tax filing frequencies are mailed to the taxpayer and it is imperative these tax-related communications are forwarded to Paymedia immediately. We require this information in order to ensure your taxes are paid accurately and timely in 2019.

Please note: Late tax payments result in interest and penalty charges. If your federal tax filing frequency is changed and you don't notify us, we will not be responsible for any penalties or interest that may be charged.

Year-End Payrolls and Adjustments

Bonus Payrolls

If you are paying bonuses, please notify us by November 30, 2018. Please keep in mind that you have many options when running bonus payrolls to consider:

- Blocking direct deposit
- Blocking deductions
- Tax frequency
- Gross up

Fringe Benefits Adjustments

If you need to report any Fringe Benefits, **please notify us by November 30, 2018 by returning the Year-End Questionnaire**. Identify those benefits that need reporting and schedule the special payroll if needed. It is important to remember that some of these adjustments require tax withholding and they will need to be entered at the same time as a normal payroll run before the end of the year.

Manual and Void Checks

Important: Make sure that all pending 2018 Manual and/or Void checks are processed before any 2019 payrolls are processed.

Third-Party Sick Pay

Important: Determine if you have Third Party Sick Pay information that must be reported for 2018. This will need to be completed before you run a 2018 payroll. Notify us by **November 30, 2018** if you won't receive the necessary information in time. Please contact your provider and request the information in advance of our Year-End Adjustment Cut-Off dates to avoid a delay in W-2 printing! Additional fees will apply for late processing. Remember, last day to report adjustments is January 7, 2019. Any adjustments made after January 7, 2019 will become a W-2c!
