

DealerPolicy MarketPlace Consumer Consent

The DealerPolicy application can help optimize your dealership experience by assisting in any or all of the following (if available through your Dealer):

- We collect your contact information, information on your credit profile, residence, income, driving record, and other information about you and other household members necessary for financing and insurance quotes, and verify your identity.
- We use this information to help you obtain financing and insurance quotes.
- We share your information in accordance with the disclosures made on the DealerPolicy platform and in the [DealerPolicy Privacy Policy](#).
- We keep your information for only as long as legally permitted.

CONSENT TO SHARE PERSONAL INFORMATION

By providing your consent, you are confirming that you want to use the DealerPolicy platform to apply for credit and/or apply for insurance. You understand that, to facilitate any or all of these transactions, DealerPolicy will obtain and may share your personal, income, credit, and other related information with the following:

- automotive Dealer that initiated this interaction;
- insurance brokers and carriers who participate in providing quotes;
- auto loan brokers and lenders who participate in providing quotes;
- any other third party necessary for DealerPolicy or Dealer to provide you with additional financing or insurance information in connection with this transaction.

You confirm your understanding that the DealerPolicy application is being used by Winooski Insurance (“Winooski”), a licensed insurance agency, in order to provide you with quotes for insurance. In the event you purchase insurance, it will be purchased through Winooski, not from or through the dealership or dealership personnel. You authorize Winooski to provide to the dealership the name of the insurance carrier and the details of the policy that are necessary to complete your automobile transaction (such as the insurance binder required for vehicle financing). You acknowledge that Winooski and/or the insurance companies that it represents may obtain or develop a credit-based insurance score based on information contained in your credit report. (Insurance-related inquiries will not lower a customer’s credit score or adversely affect a customer’s ability to obtain credit.) Winooski and the insurance companies that it represents may also collect and use information from other sources associated with you and other members of your household, such as driving records, prior claims and accidents, and credit histories to accurately price your insurance policy and subsequent renewals now, and in the future.

You are confirming that you understand that you are providing instructions in accordance with the Fair Credit Reporting Act (FCRA), authorizing DealerPolicy to obtain your income-related information from a personal consumer report maintained by a Consumer Reporting Agency (“CRA”) and you authorize DealerPolicy to access your personal consumer information from a CRA in order to populate your income-related information in the DealerPolicy platform.

You are confirming that you understand dealership employees may receive compensation based on your use of the DealerPolicy application and/or on your receiving quotes for insurance. All dealership compensation is in accordance with applicable laws and regulations.

Dealer will separately provide you with a copy of its privacy policy.
