

AINA PTT Smart Button

Remote Push-to-Talk Control

Design

- Size: 73 x 38 x 14 mm
- Ingress Protection 65 (IP67 ongoing)
- Regulatory tests:
 - USA: FCC
 - Canada: IC
 - Europe: CE
- Loophole for keychain or carabiner
- Subtle textured finish on the sides for enhanced grip

Buttons

- Main push-to-talk button / PTT1
- Multifunction button / PTT2 (which can be used as a secondary PTT button, or for contact scrolling or repeating messages)
- Emergency button

Bluetooth and Connection

- Bluetooth Low Energy (operating similarly to the AINA RSM with BLE connection)
- Unique friendly name on the back cover for simple pairing
- Single pairing feature for increased security and to avoid confusion
- Supports NFC touch pairing
- Supports QR-code pairing

Battery

- Exchangeable button cell battery
- Battery life: approx. 6 months

Additional Features

- Accelerometer for orientation, shake and tap detection
- Supports man-down alerts
