COVID-19: Discounts and Offers

As the women and men in America's hospitals and health systems heroically fight COVID-19 on behalf of their patients and communities, a number of companies are offering discounts to these front-line health care workers and those who want to support them. **The AHA is sharing information provided to us by these organizations, but is not in a position to guarantee the discounts listed below.**

Thank you to the many businesses both large and small for your willingness to support our health care heroes. This page will be updated as new partnerships and discounts develop.

Housing

Hilton

Hilton and American Express are donating up to **1 million hotel rooms** to individual front-line medical professionals during the COVID-19 crisis. Complimentary hotel stays up to seven days are offered to individuals who would otherwise be paying for accommodations out of their own pocket. This program is for single reservations and cannot accommodate group reservations or large room blocks. The dates available will be **April 13th – May 31st** at designated hotels and only upon availability. If interested in staying with Hilton during your first responder travel, please reach out to *firstresponderhelp@aha.org* to request the booking link.

Hilton is offering special rates for those needing a home away from home during these difficult times.

For our health care professionals in need of a comfortable place to rest after a long day or extra shift, we're here. For displaced students and their families, we're here. For those answering the call to care during this time of uncertainty and isolation, the Heart of Hilton is here for you.

For details and to check availability across our portfolio, click *here*.

Terms & Conditions: Subject to verification at check-in. This offer is intended for health care professionals, individuals affiliated, supporting or visiting medical facilities, displaced students and their family seeking accommodations for up to nine rooms. For rooms of ten or more people per night, please contact *GroupMeetingRFP@Hilton.com*. Participating hotels may ask for valid credentials of professional, organizational affiliation or student identification. This is a limited time offer that is subject to change.

The health and safety of our guests and team members is our top priority. Please reference Hilton's *COVID-19 Customer Statement* for the latest information about our cleanliness and hygiene standards and policies.

Marriott

Marriott is providing first responders and support staff providing medical, relief and support services to book at designated hotels nationwide as part of a community caregiver program, available **March 26, 2020 through June 30, 2020**.

To book a group or for stays longer than 30 days: Please email *CVHelp@marriott.com* or call Marriott National Group Sales, Coronavirus Helpline at **(888) 206-9600**.

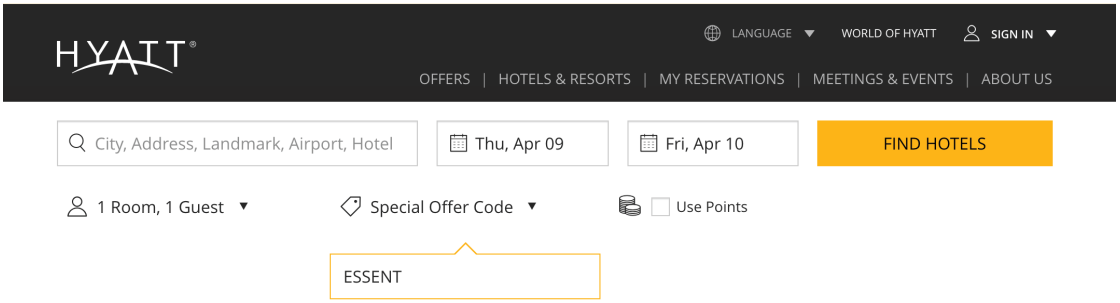

For individual rooms for up to 30 days:

- Go to *marriott.com*.
- Under Special Rates, click Corporate / Promo / SET# and enter code: **QWO**
- The Community Caregiver Rate will populate in the search results for participating hotels.
- Upon check-in, guests should be prepared to show company/medical, government, military, or relief organization identification to confirm eligibility for the Community Caregiver Rate.

HYATT

Hyatt is providing healthcare professionals, first responders national guard members, law enforcement, state or federal employees, patients and patients families, and any individuals who, for any reason, are temporarily unable to reside in their home to book at designated hotels nationwide, based on hotel availability, using this new rate program.

- To book your stay, please go to specific property website or visit *Hyatt.com*
  - Use special offer code **"ESSENT"** to receive the new rate

As a reminder, our hotels are not designed or equipped to operate as a medical facility, nor are our hotel colleagues trained to provide medical services. To the degree a hotel is to be used to provide any medical services or to house guests who are ill, the hotel will need to consider a variety of issues including but not limited to: who will provide the services, who will provide security, proper safety training, insurance limitations, licensing requirements, indemnity, return of the premises and for future hotel use. To the degree a hotel is not being asked to provide medical services but is being asked or agreeing to provide rooms or services that differ from normal hotel operations, such as for a first responder, a stranded traveler, or a displaced person, the same considerations may apply, and a hotel may consider developing a separate occupancy, lease or services agreement.
