# HARDWARE SPECIFICATIONS & PRICING GUIDE

[BUSINESS.TAPSNAP.NET](http://BUSINESS.TAPSNAP.NET)

# MEET THE LUNA

Whether you're looking to start your own photo booth business on a budget, or service high-profile corporate events with an interactive, custom-branded activation, the modular design of the Luna makes it perfect for any type of event. Start from the ground up and build as you grow, or go all in - the choice is yours.

**There are no limits with the Luna.**

Developed based off our experience at over 10,000 events per year, the Luna is

Luna Photo Booth w/ Printer Kit

Luna Photo Booth w/ Pro Base Kit

# HARDWARE

## DURABILITY

Luna photo booths are manufactured in North America using premium materials such as stainless steel and aircraft grade aluminum, and will withstand heavy use at hundreds of events.

## PORTABILITY

The Luna photo booths are exceptionally lightweight and can be quickly setup and taken down by one attendant. The Lunas are designed to fit into almost any vehicle and are small enough to be setup even in the tightest spaces.

## RELIABILITY

We build photo booths that you can depend on. In the rare occurrence that something is damaged, our photo booths are modular which allows individual components to be easily replaced.

# LUNA PRO BASE KIT

The optional Pro Base Kit allows you to add a second base with aluminum legs, an integrated printer shelf and branding panels, making it ideal for marketing events.

Add a Pro Base:  
**+\$900 USD / +\$1,200 CAD**

# SHARING STATION

The Sharing Station is our solution for maximizing guest throughput at busy events. Photos taken by our Luna Photo Booths instantly sync to the Sharing Station's photo gallery, where they can be viewed or shared. Moving photo capturing and photo sharing/browsing to separate devices allows for more photos to be captured, while at the same time minimizing lineups.

The Sharing Station includes an acrylic banner that can be branded for your company, client or event. Luna's Sharing Station App is included with the purchase of enclosure.

**\$400 USD /  
\$528 CAD**

The Sharing Station runs on all 2014 or newer 9.7-inch iPads.  
iPad not included with Sharing Station.
