

Dear Mom-to-Be,

We are pleased and honored you have chosen our practice to care for you and your child during and after your pregnancy. We strive to give you the very best in professional medical care. We also encourage you to ask questions about the physical and emotional changes of pregnancy in order to optimize your health.

We know that the relationship you establish with your doctor during your pregnancy is an important one. Our group is comprised of six OB/GYN physicians and three nurse practitioners. We see patients at four North Clinic locations (Maple Grove, Osseo, Center for Women's Health in Plymouth and Robbinsdale) Monday through Friday, and Saturday morning at our Maple Grove location. Because we deliver babies at both the Maple Grove Hospital and North Memorial Hospital in Robbinsdale, the provider that you have seen in the office may not be the physician that is on call when you deliver your baby.

After 28 weeks gestation, you will have the choice of delivering at either hospital, but prior to 28 weeks gestation you will need to deliver at North Memorial Hospital as the neonatal intensive care unit located there.

- At Maple Grove Hospital, a North Clinic obstetrician is available to attend to patients 24 hours a day, 7 days a week.
- At North Memorial Hospital, a North Clinic obstetrician is available to attend to patients Monday through Friday, from 8:00 a.m. to 5:00 p.m. On nights, weekends and holidays, our North Memorial laborist colleagues will manage emergency visits, deliveries and admissions to the North Memorial Hospital.

After your delivery, North Clinic has lactation consulting services available for any questions you have regarding breast feeding. Two of the nurse practitioners on our care team are certified lactation consultants: Karen Ladin, APRN, CNP, CLC and Cristen Singer, APRN, CNP, CLC.

- Karen sees patients primarily at our Robbinsdale office.
- Cristen sees patients primarily at our Center for Women's Health, which is located in the same building as our North Clinic Plymouth office.

North Clinic Maple Grove, Osseo and Plymouth locations also have family practice providers available to care for you and your new child.

Sincerely,

Kathryn Flory, MD
Leslee Jaeger, MD
Sherry Paulson, MD
Jessica Greenblatt, MD
Jacinda Siberio, MD

Megan Bina, DO
Karen Collins, APRN, CNP
Cristen Singer, APRN, CNP, CLC
Karen Ladin, APRN, CNP, CLC
