

BIZRINGER INTEGRATION

Updated January 17, 2019 | www.Carrier.MacroPointConnect.com/Technical-Documentation

HOW TO CONNECT

1. To move forward with a Bizringer integration, we will need a username and password with admin access. You may need to contact your Bizringer representative for assistance creating or obtaining these credentials.
2. Once you have created or obtained the username and password with admin access, please send both to the Descartes MacroPoint Activations Team at MPActivations@descartes.com so we can establish the connection and perform testing.

NOTES

When requesting an API Key or user credentials to be provided for use with Descartes MacroPoint, please ensure that the credentials have administrative permissions/API access.
