

# GORILLA SAFETY INTEGRATION

Updated May 8<sup>th</sup>, 2018 | [www.Carrier.MacroPointConnect.com/Technical-Documentation](http://www.Carrier.MacroPointConnect.com/Technical-Documentation)

---

## HOW TO CONNECT

---

1. To move forward with a Gorilla Safety integration, we will need an API key to complete the connection. Please reach out to your Gorilla Safety representative to obtain the appropriate key.
2. Once you have this API key, please send it to your Descartes MacroPoint Activations Consultant. If one has not yet been assigned to you, please email this information to the Descartes MacroPoint Activations Team at [MPActivations@descartes.com](mailto:MPActivations@descartes.com).

---

## NOTES

---

When requesting an API Key or user credentials to be provided for use with Descartes MacroPoint, please ensure that the credentials have administrative permissions/API access.
