SUMMARY

Champion Services was utilizing Paychex for payroll, timekeeping and certificate tracking but the organization still lacked some key services. Applications had to be manually input into the Paychex recruiting module and the benefits administration/COBRA tool was not a good fit for Champion Services. The company was seeking a more streamlined HR process with Affordable Care Act (ACA) support.

SERVICE SOLUTIONS

WHY WE WON

Netchex's web-based, integrated solutions gave Champion Services complete control over payroll, benefits, and human resources information. With automatic additions of new hires, integrated background checks and streamlined on-boarding, Nethire & NetGuide allowed Champion Services to focus on finding talented, caring employees.

From payroll to benefits to time and attendance, everything is managed with one system, meaning the Champion Services' team no longer had to spend hours adding new hires to additional platforms. Services like credential tracking and Broker email alerts allows Champion Services' administrators to easily manage insurance compliance.

The hassel of ACA reporting is eased with the ACA Central Dashboard which generates and distributes required documents to both the IRS and employees. Overall employee engagement has improved through the use of Netchex services.
