

# CASE STUDY

## ABOUT CAMP GLADIATOR

Based in Austin, Texas, Camp Gladiator is a fitness company on a mission to positively impact not only people’s fitness, but their lives as well. A four-week outdoor group fitness program for all fitness levels, every workout at CG Nation is different, incorporating full-body exercises led by certified personal trainers. With 4,000+ locations nationwide, CG is committed to improving lives.

## LIFE BEFORE NETCHEX

Camper turned Human Resources Manager, Megan Gann is truly passionate about her work, and wanted an HCM system that worked just as hard. Before Netchex, everything was tracked in Excel or Google docs, which means there was no connection to her payroll system and had to rely on accounting to pull reports or provide data when she needed it. The limitations of ADP made not only payroll difficult, but onboarding and enrollment were also unnecessarily manual – and more manual work means more time and money wasted.

**Netchex Services:**

- ✔ Payroll & Tax
  - ✔ Time & Attendance
  - ✔ NetBenefits
  - ✔ NetCOBRA
  - ✔ NetInsight
  - ✔ HR Support Center
- ✔ Employee Self-Service
  - ✔ Manager Self-Service
  - ✔ NetGuide
  - ✔ NetRecruiter
  - ✔ E-Verify

**“Since we put Netchex in place, life as I know it has drastically improved! I now have access to the information I need. Candidates have a MUCH improved onboarding experience that starts before they step foot in the door on their first day.**

**Our Open/Initial Enrollment process is so much smoother without having to fill out a ton of paperwork – just a few clicks of a mouse and they’re done.”**

*Megan Gann | HR Manager*

## WHY WE ARE THE BEST SOLUTION

As a fast-growing company constantly in need of hiring, onboarding and reporting, Netchex was the perfect solution for Camp Gladiator when they were looking to switch from ADP. Retention is key to a successful company, especially in a field so personal and competitive as fitness, and CG Nation ensures their onboarding and open enrollment experience for their hires is seamless and simple with the use of Netchex tools like NetGuide and NetBenefits. When it comes to reporting and analyzing costs, NetInsight gives Megan and her team quick access to valuable reports on time and attendance and labor, as well as benefits reports to assist with compliance.

In addition to all these tools, Megan’s favorite part about Netchex is that for service and support, each account is assigned to a specific service team – not one specific person. This allows for greater understanding of each account and their detailed needs and industry, and with a team, clients don’t have to worry about a service representative leaving the company or going out of town with unanswered questions. Your Netchex team is here to efficiently and professionally take on your issues and solve them with a smile.
