

ABOUT CHAMPION SERVICES

Champion Services was created to provide services to people with intellectual and physical disabilities allowing them to live, work, socialize, exercise and participate in their community. Clients develop meaningful productive job skills, and will grow socially, emotionally and spiritually for a richer, more fulfilling life. Champion Services strives to be a therapeutic enriched program moving people forward in their adaptive skills for successful community living.

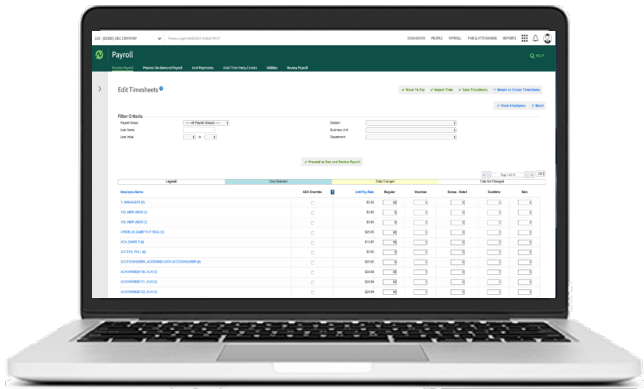

LIFE BEFORE NETCHEX

Before switching to Netchex in 2015, Champion Services was utilizing Paychex for their payroll, time and attendance and certificate tracking needs. They realized Paychex was lacking in several areas, such as applications being manually entered in their recruiting tool and a lackluster process for the Affordable Care Act (ACA). So they started looking at other vendors, and Netchex checked all their boxes with our single-source solution.

Netchex Services:

- ✓ Payroll + Tax
- ✓ Time and Attendance
- ✓ NetGuide
- ✓ NetInsight
- ✓ NetRecruiter
- ✓ NetCOBRA
- ✓ NetBenefits
- ✓ Employee Self-Service
- ✓ Manager Self-Service
- ✓ E-Verify
- ✓ ACA Central

WHY WE WERE (AND ARE) THE BEST SOLUTION

By switching to Netchex, Champion Services was able to automate their employee life-cycle by utilizing several of Netchex's impactful tools. By adding our **NetGuide** module, the administrators for Champion Services took control of their employees' life-cycles with automatic additions of new hires and a streamlined onboarding process and task management, ensuring compliance and timely completion of important hiring documents.

Our NetGuide tool pairs perfectly with **NetRecruiter**, our applicant tracking module within Netchex. NetRecruiter gives Champion a streamlined recruiting, interviewing and candidate scoring process. With job posting and resume management, shared communications about candidates internally, and powerful insights on interview evaluations, Champion is all set to secure their next hires.

Now that Champion has their new employee recruited, hired and onboarded, they can seamlessly transition them onto the company's benefits plans and enrollment through **NetBenefits**. With effortless enrollment and uncomplicated management, NetBenefits empowers their employees to take control of their medical and dental coverage.

As a whole, Netchex's web-based, integrated solutions give Champion Services complete control over payroll, benefits and human resources information. Everything is managed with one system, meaning the Champion Services team can spend their time on their meaningful work and impact they have on their community, rather than manual, painstaking additional work.
