

ABOUT HELLER, DRAPER, PATRICK, HORN & MANTHEY, LLC

Based in Louisiana, the law firm of Heller, Draper, Patrick, Horn & Manthey LLC is recognized as one of the premiere bankruptcy and insolvency firms in the nation. They currently have law offices in New Orleans, Baton Rouge and Covington, Louisiana.

LIFE BEFORE NETCHEX

At the firm, Carrie Dunn is our main contact as Legal Administrator, and prior to switching to Netchex, was using Paychex for payroll and time and attendance. As it goes with small business, Carrie is a wearer of many hats, and her various duties brought about inefficiencies and inaccuracies with Paychex that jammed her day with lengthy service calls. In 2017, she switched to Netchex to put that wasted time back into her day.

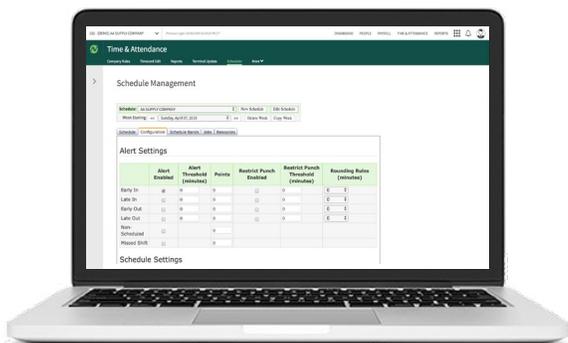

Netchex Services:

- Payroll & Tax
- Time & Attendance
- Employee Self-Service
- Manager Self-Service
- NetInsight
- ACA Central

“I’ve handled payroll in my position for over 20 years, from doing it manually and using other payroll companies, and when I found Netchex, I was elated.

The professionalism and knowledge everyone on the team is superior to any other company I’ve worked with. I’ve recommended Netchex to several of my Association of Legal Administrator friends and many have made the switch.”

Carrie Dunn | Legal Administrator

WHY WE WERE (AND ARE) THE BEST SOLUTION

Carrie’s biggest priority is getting the firm’s employees paid correctly and on time. With Netchex’s single-source functionality, our **payroll** and time and attendance systems seamlessly communicate with each other, making it easier for her to calculate time worked and cross it off her to-do list with confidence. Our **Time & Attendance** platform gives them options for time collection, like web-based clocks, timesheet entry for salaried staff, and ethernet badges and biometric devices. Not only is there versatility, but Netchex monitors excessive absences, overtime, unscheduled work, and uses your company’s archived data to forecast labor costs. As a Netchex client, your needs come first, and that includes making sure your processes are efficient and saving you money.

If she ever has an issue, Carrie feels confident in contacting her Netchex service team. She states, **“Having my team available via email or phone is wonderful. Immediate assistance when needed.”** Netchex never redirects you to multiple service members or different departments. Our professional, hospitable team of FPC certified professionals can answer your questions on a range of issues, and efficiently.
