

**ABOUT LOMBARDI FAMILY CONCEPTS**

For decades, Lombardi Family Concepts has welcomed new guests and old friends from local neighborhoods and around the world in their European restaurants. From Italian trattorias to French bistros, the different cuisines of the coastal Mediterranean serve as their daily inspiration. Like many family-run establishments in Europe, their restaurants make their own pastas, gelatos and desserts. They strive to craft menus that combine the creativity of contemporary cuisine with the powerful draw of classic recipes.

Lombardi Family Concepts recognized they did not have the staff to support all of the required Affordable Care Act (ACA) administrative tasks. They were looking for a system that would automate the process and eliminate possible manual tracking errors. Most importantly, they wanted a system that would allow them to handle all of their ACA reporting in one location.

**THE EXPERIENCE**

Lombardi Family Concept's ACA needs are easily managed with Netchex's ACA Central Dashboard, which generates and distributes required documents to the IRS and employees while providing full-time equivalency and measurement period calculations.

**BUSINESS IMPACT**

Through Netchex's Worksite Solutions, all of the benefits administration is handled by a trained specialist. With Worksite Solutions, Lombardi Family Concepts does not have to worry about cash leaks from premiums that have been paid but not deducted and terminated employees no longer linger on their bills. Through our broker partnership, there are no additional bills or checks to handle.

**WHY YOU SHOULD CONSIDER NETCHEX**

The flexibility of the Netchex system gives Lombardi Family Concepts a scalable human resources and ACA solution that can grow with them as their company grows.
