

# PEOPLE ARE TALKING: C-LEVEL RECOMMENDATION

 STIRLING  
PROPERTIES

**Paul Mastio**  
Chief Financial Officer

“We’re pleased with how NetChex accommodates different payroll groups in our company – allowing us to process both semi-monthly and bi-weekly payrolls without a single hiccup. Internally, we frequently encounter odd circumstances with our payroll processing or reporting that requires quick resolution and our NetChex service rep always goes above and beyond to keep us on task. One thing introduced recently that we love is NetChex’s Client Roundtables, which has been effective for us to learn more efficient payroll processing methods from companies in similar and different industries.”

See what all the buzz is about. Let’s talk.
