

CHAMPION SERVICES

Champion Services was created to provide services to people with intellectual and physical disabilities allowing them to live, work, socialize, exercise and participate in their community. Their services are based on a core belief that education is a lifelong process where individuals will continue to learn and grow. Clients develop meaningful productive job skills, and will grow socially, emotionally and spiritually for a richer, more fulfilling life. Champion Services strives to be a therapeutic enriched program moving people forward in their adaptive skills for successful community living.

Champion Services was utilizing Paychex for payroll, timekeeping and certificate tracking, but it lacked key services. Applications had to be manually entered into the Paychex recruiting module and the Benefits Administration/COBRA tool was not a good fit. They were seeking a more streamlined HR process with Affordable Care Act (ACA) support.

BUSINESS IMPACT

Netchex's web-based, integrated solutions give Champion Services complete control over payroll, benefits and human resources information. With automatic additions of new hires, integrated background checks and streamlined onboarding, NetHire and NetGuide allowed Champion Services to focus on finding talented, caring employees.

From payroll to benefits to time and attendance, everything is managed with one system, meaning the Champion Services team no longer had to spend hours adding new hires to additional platforms. Services like credential tracking and Broker email alerts allows Champion Services' administrators to easily manage insurance compliance.

WHY YOU SHOULD CONSIDER NETCHEX

The hassle of ACA reporting is eased with the ACA Central Dashboard, which generates and distributes required documents to both the IRS and employees. Overall employee engagement has improved through the use of Netchex services.
