

## RING PUBLICATIONS, LLC

At Ring Publications (MasteryPrep), they firmly believe every student can graduate college ready. They're committed to addressing the needs of every student through targeted test prep generated from real data for real results. They're giving teachers the tools they need to help every student excel on the ACT and beyond.

With employees in four states and an anticipated expansion, Ring Publications was seeking a local company that could grow with them into a national organization. They realized their previous system was out-of-date, did not accommodate tracking of employee hours and overall required too much time to manage. Ring Publications' HR administrators also acknowledged that with their pending expansion, they needed a company that would help them stay in compliance with the Affordable Care Act (ACA).

### BUSINESS IMPACT

Netchex's Complete product bundle provided Ring Publications complete control over payroll, benefits administration and human resources information. Complete's NetGuide feature allows Ring Publications to hire the top notch educational staff they need to expand their company nationwide. With NetGuide's onboarding process, managers have a streamlined process to capture accurate data for new hires.

Ring Publications ACA concerns are eased with automated labor cost analysis, proactive monitoring of overtime and FTE calculations. Netchex's ACA Central Dashboard will also generate and distribute required documents to both the IRS and employees when the ACA requirements become applicable to Ring Publications.

### WHY YOU SHOULD CONSIDER NETCHEX

The flexibility of the Netchex systems gives Ring Publications and all clients a complete human resources solution that can grow with them as their own company grows.
