

Flexipath COVID-19

As businesses open with restricted amount of people allowed to enter buildings, Crown's Flexipath COVID-19 has designated stand zones that allow customers, visitors, and employees to easily observe the social distancing rules in place.

The mat's alternating color blocks make it ideal for businesses to identify stand zones for customers or employees in the workplace. The lightweight construction means the mat is quick to install and easy to move if needed.

Features: Resistant to most acids, alkali and oils. Rolls are 84 ft in length.

Benefits: Slip resistant, excellent drainage, easy to clean, contours easily to uneven surfaces and quick to install.

Colors Available: Black with Blue Stand Station

Roll Size Available: 2 ft x 84 ft, 3 ft x 84 ft (no special cuts available, full rolls only.)

Weight: .76 lbs/sq.ft.
