Command Shield mats should be replaced to avoid issues. If the mat is left in place for over 60 days, there is a risk of the adhesive transferring to the floor, depending on the floor surface.

Technical Data

- Surface: Polypropylene surface with a polyester film moisture barrier
- Adhesive backing
- Weight: 12oz.
- Flammability: CPSC-FF1-70

Applications: entrances, walkways, health facilities, restrooms, cafeterias, grocery stores

Crown's Command Shield is a highly absorbent adhesive-backed mat. The mat's unique design allows it to be cut and stuck to most smooth floor surfaces when used as directed.
