

Diamond Deluxe with Grit-Safe

#133

Wet/Oily Area

Drain Through

Performance Rating ★★★★★

FEATURES

- The flow-through design prevents debris accumulation at the workstation and minimizes dirt transfer within the facility.
- Provides a secure non-slip surface that lowers the chances of slips and falls.
- The robust open-loop structure raises workers and facilitates fluid drainage, encouraging a drier workspace.
- Specially formulated oil-resistant vinyl enhances slip resistance with infused grit.
- Customizable to meet your design requirements.
