TRACTION

Safety-Step Solid-Top is a modular solid surface rubber mat offering the greatest flexibility for irregular and custom installations.

APPLICATIONS

Provide a heavy-duty solution for dry areas - factories, work stations, large work cells, and assembly lines.

FEATURES

- Designed to promote airflow resulting in dryer safer work area
- Maximize the productivity of your workplace by reducing fatigue and discomfort.
- Offers the flexibility to reconfigure the mat to accommodate changing work environments.
- Rubber nibs on the underside of mat increase comfort and aeration
- Built-in connectors along two sides allow mats to lock together
- Contains 47% recycled material

MAT SIZE:

3' x 3'

Total customization: Up to 12' x 30'

Workstations can be ordered in full-foot increments, not including optional custom edging, only.

The addition of Edging to a custom mat to any side increases the size of the mat by approximately 3"

Printed pricing refers only to rectangular mats.
