TRACTION

Workers-Delight Corrugated rubber surface offers directional traction for increased safety and easier maintenance. Now with our patented Zedlan Foam, this anti-fatigue mat provides 50 percent more comfort than traditional mats. Provides a combination of anti-fatigue and slip resistance for areas that require high performance.

APPLICATIONS

- dry areas
- machine shops
- assembly lines
- steel mills
- maintenance departments
- auto repair

FEATURES

- V-groove rubber top surface enhances slip-resistance and increased chemical resistance.
- Textured surface improves traction in dry areas
- Highly energized Zedlan Foam base provides excellent anti fatigue relief
- The new slip-resistant coating on the underside of mat ensures steadiness and control on smooth surfaces.
