learning materials

Here are your **FREE** Language Builder Cards!

We are thrilled to be able to offer you these 8 FREE Language Builder Emotion Cards to print and use right away in your Autism Education Program!

We were careful to choose cards which would be useful in your program and would offer representations of both the basic emotion cards and the scenarios which you get in the full Language Builder Emotion Card set.

The following 4 pages have full-size images of both the fronts and the backs of the cards for you to cut out and use in your program.

For best results, cut out the front and back of the card together, then fold and tape, glue or laminate the cards to use in your program.

Visit www.StagesLearning.com to order your full set of Language Builder Picture Cards!
