# Mission in Motion

Welcome to the fourth edition of Presbyterian Senior Living's (PSL) Mission in Motion, a report of our Community Benefit Program. This program reflects the wide variety of activities that are undertaken at each PSL location.

We chose the name Mission in Motion because while the mission of an organization guides its purpose, it should also remain fluid to meet changing needs. This publication demonstrates who we are as an organization, the constituents we serve and our commitment to our neighbors and employees.

For more information about PSL or any of our communities, please visit our website, [www.presbyterianseniorliving.org](http://www.presbyterianseniorliving.org).

## President's Letter

This fourth edition of Mission in Motion is designed to summarize the community benefits provided by Presbyterian Senior Living at its various locations in Pennsylvania, Maryland, Delaware, and Southeastern Ohio. Presbyterian Senior Living has a long history of providing for seniors with limited resources. The words of the original purpose from the articles of incorporation still apply – “to alleviate the distress and hardship of the aging”.

At the time of our founding in 1927 there were no government sponsored programs to meet the needs of seniors, so the entirety of PSL's ministry was funded by contributions. Over the years as the range of services has expanded and the ministry has grown we have continued to focus on serving persons with limited means, often accessing public sources of support to augment charitable dollars. But the heart of what we do is played out in the lives of the growing number of people we serve every day.

This report also includes a variety of other activities that we describe as “community benefit”. So in addition to the number of persons served who require subsidy or charitable support we will focus on:

- Education and Training – On-site educational offerings extended to the wider community, often in conjunction with other community groups.
- Community Outreach – Programs, both on-site and in conjunction with local schools, churches, senior centers, and other community venues.
- Resident and Staff Volunteer Efforts – The entire PSL family is engaged in volunteer service to help their neighbors and improve their communities.
- Civic Engagement – Participate in civic activities that foster awareness of issues that affect the community and provide direct assistance in solving problems as they are identified.
- Paying Taxes – Even though PSL is legally exempt from many forms of taxation as a charitable, tax exempt organization, PSL pays over \$3,547,000 in taxes annually to support the health of the communities in which we reside.
- Employment – PSL employs nearly 3,000 individual, supporting families, adding millions of dollars to the economic vitality of the community.

While it is our intention to provide a clear picture of PSL's community benefit profile, we recognize that it is not a complete description, as PSL is a dynamic and constantly evolving ministry. The following pages represent our best effort to provide a snapshot of the heart of PSL.

As a faith-based organization, Presbyterian Senior Living is founded on the belief that every human being is of infinite worth as a unique creation of God. Based on this premise, Presbyterian Senior Living is committed to fully embracing the diversity of all persons served, so that together, we can foster a culture of inclusion in an environment free of all forms of discrimination where all people are treated with dignity and respect. Our goal is to cultivate awareness and understanding of personal differences and biases so that an environment of understanding, acceptance, respect and support is established.
