## ISO 22301 BCMS EXPERT IMPLEMENTER 4.5 DAYS

This course not only allows you to get the fundamental of business continuity (BCM) but also hands on practice on how it is implemented in a realistic setting. Learn how to gain senior management buy in as well as fellow BCM team members how to maintain a maturing BCM plan.

Participants who complete the course and pass the accompanying Business Continuity Certified Expert (BCCE) exam would be awarded the Business Continuity Certified Planner (BCCP). To be awarded the BCCE or Business Continuity Certified Specialist (BCCS) one needs to show proof of experience in an application form and make a certification application fees payment.

70% CITREP+ funding capped at SGD3,000 off course fees for Singaporean and Singapore PR subject to full documentation.

HRDF funding available for Malaysian citizens. Please refer to your respective HR departments.

**Pre-Requisite to Register:**  
None

## ISO 22301 BCMS IMPLEMENTER 2.5 DAYS

This course not only allows you to get the fundamental of business continuity (BCM) but also hands on practice using generic templates from the industry. Learn from your industry practitioner facilitators on the latest best practices.

Participants who complete the course and pass the accompanying Business Continuity Certified Specialist (BCCS) exam would be awarded the Business Continuity Certified Planner (BCCP). To be awarded the Business Continuity Certified Specialist (BCCS) one needs to show proof of experience in an application form and make a certification application fees payment.

HRDF funding available for Malaysian citizens. Please refer to your respective HR departments.

**Pre-Requisite to Register:**  
None

## ISO 22301 BCMS MANAGER 2.5 DAYS

This course is a follow up course to the BCMS Implementer course. Most suitable for BCM practitioners who would like to upgrade their BCM department coordinator skillset. This allows them to understand how senior management and BCM team members can help them maintain a maturing BCM Plan.

Participants who complete the course and pass the accompanying Business Continuity Certified Specialist (BCCS) exam would be awarded the Business Continuity Certified Planner (BCCP). To be awarded the BCCE or the BCCS one needs to show proof of experience in an application form and make a certification application fees payment.

HRDF funding available for Malaysian citizens. Please refer to your respective HR departments.

**Pre-Requisite to Register:**  
Complete the BCMS Implementer course and pass the accompanying exam

## ISO 22301 BCMS PLANNER 1.5 DAY

This course is provides participants with the fundamental theory and terminologies attached to BCM. This 1 Day course allows personnel who are not directly involved in the updating of the BCM plan to appreciate business continuity better.

Participants who complete the course and pass the accompanying Business Continuity Certified Specialist (BCCS) exam would be awarded the Business Continuity Certified Planner (BCCP). To be awarded the BCCE or the BCCS one needs to show proof of experience in an application form and make a certification application fees payment.

HRDF funding available for Malaysian citizens. Please refer to your respective HR departments.

**Pre-Requisite to Register:**  
None
