

Materials Used: Chameleon Color Tones Deluxe Set; Spring Meadow (YG3); Bubble Gum (PK3); Seville Orange (OR4); Purple Grape (PR4); Indigoblu Giant Poppy A5 Red Rubber Stamp; watercolor paper; Misti Tool; chipboard frame; beads; WRMK Fuse tool; Crate Paper Notes and Things 15x15 cm paper pad.

Instructions:

1. Stamp images two times on a watercolor paper. As these stamps are quite big, I used the Misti tool for a perfect result.

2. Color the poppies with the brush tip using Bubble Gum and Purple Grape for petals, and Seville Orange for the flower center infusing each color before coloring for 3 seconds.

3. Color the leaves with Spring Meadow and poppy seed pods with Seville Orange infusing each color before coloring for 3 seconds.

- Using the fine point scissors trim the colored images.
- Fill a plastic bag with beads and sequins and seal it with the Fuse tool.

6. Adhere the chipboard frame on the plastic bag and the chipboard frame with plastic bag on the paper frame.

7. Adhere the shaker element on the 15x15 cm patterned paper sheet; add trimmed flowers, leaves and poppy seed pods. Add some sentiments.
