MASTER OF HUMAN RESOURCE MANAGEMENT (MHRM)

Course Waiver Guidelines

Students who have earned undergraduate coursework in Human Resources or Business Administration/Management from a US institution or who have worked full-time in a related role can be exempted from taking certain courses required for the MHRM degree. If your HR coursework was completed outside of Ohio State, you will need to provide a syllabus and a copy of a transcript or advising report for each course waiver request. All required coursework must be replaced with elective credit totaling the 43.5 hours required for the degree.

Minimum Qualifications:
- Have completed (or will complete prior to enrollment) a baccalaureate degree from a US college or university; and
- Earned a 3.0 (on a 4.0 scale) undergraduate cumulative GPA or higher; and
- Achieved a grade of B+ or better in course to be waived

All required coursework that receives a waiver must be replaced with an elective credit or equivalent credit hours (e.g., a 3 credit course can be replaced with an elective 3 credit course or two 1.5 credit elective courses). You do not have to waive courses. If you wish to take them, you may do so. To pursue this option, you will need to complete the MHRM Waiver Request Form and provide copies of supporting documentation. You will be notified if the instructor has agreed to waive requested coursework.
