

**Step 1:** Visit <https://www.remotepc.com/rpcnew/sh/YW7q840KrAa6A83>

**Step 2:** Click on "I have received this link from a trusted source (check box)

The screenshot shows a web browser window with the URL [remotepc.com/rpcnew/sh/YW7q840KrAa6A83](https://www.remotepc.com/rpcnew/sh/YW7q840KrAa6A83). The page header features the RemotePC logo and navigation buttons for 'Sign up' and 'Login'. The main content area is titled 'Welcome to the RemotePC Installer' and includes a warning: 'This will install RemotePC onto your computer. The person who sent you this link will be able to access your computer.\*'. Below this, a text block explains that RemotePC is a secure remote access system. A form contains a checked checkbox for 'I have received this link from a trusted source' and an unchecked checkbox for 'I'm not a robot' next to a reCAPTCHA challenge. A footer note states: '\* Only individuals with a valid username and password for this computer will be able to log in. If you are online, you will always receive an on-screen notification when an attempt is made to access your computer.'

**Step 3:** Click "I'm not a robot" (check box)

The screenshot shows a web browser window with the URL `remotepc.com/rpcnew/sh/YW7q840KrAa6A83`. The page header includes the RemotePC logo and navigation buttons for 'Sign up' and 'Login'. The main heading is 'Welcome to the RemotePC Installer'. Below this, there is a paragraph explaining that the installer will allow a trusted person to access the computer. A central form contains a checked checkbox labeled 'I have received this link from a trusted source', an 'I'm not a robot' reCAPTCHA widget, and a blue 'Download Installer' button. Below the button are three steps: Step 1 (Install and run RemotePC), Step 2 (Setup your computer for Remote Access), and Step 3 (Effortlessly work on files and folders). A footer note states that only individuals with a valid username and password can log in. The Windows taskbar at the bottom shows the time as 6:30 PM on 11/26/2019.

Step 4: Click on "ALL images that apply".

The screenshot shows a web browser window with the URL `remotepc.com/rpcnew/sh/YW7q840KrAa6A83`. The page header includes the RemotePC logo and navigation buttons for "Sign up" and "Login". The main content area features a task titled "Select all images with cars". Below the title, a grid of nine images is displayed. The first image is a car's rear view. The second, fourth, and fifth images in the grid have blue checkmarks in their top-left corners, indicating they have been selected. At the bottom of the image grid, there are icons for refresh, headphones, and information, along with a blue "VERIFY" button that has a mouse cursor hovering over it. To the right of the image grid, there is a "Step 3" section with a thumbnail image of a computer screen and the text "Effortlessly work on files and folders, transfer data, print and more." At the bottom of the page, there is a copyright notice for IDrive Inc. and a Windows taskbar with the system clock showing 6:30 PM on 11/26/2019.

## Step 5: Click on "Download Installer" (button)

The screenshot shows a web browser window with the URL `remotepc.com/rpcnew/sh/YW7q840KrAa6A83`. The page title is "Install RemotePC for secure remote access". The page content includes the RemotePC logo, "Sign up" and "Login" buttons, and a main heading "Welcome to the RemotePC Installer". Below the heading is a warning: "This will install RemotePC onto your computer. The person who sent you this link will be able to access your computer.\*". A paragraph explains that RemotePC is a secure remote access system. A large blue button labeled "Download Installer" is highlighted with a mouse cursor. Below the button are three steps: Step 1 (Install and run RemotePC on your computer), Step 2 (Setup your computer for Remote Access), and Step 3 (Effortlessly work on files and folders, transfer data, print and more.). A footer contains the copyright notice "© IDrive Inc." and a Windows taskbar at the bottom with the date "11/26/2019" and time "6:30 PM".
