- Number of certificates issued – over 875.
- Number of people who wrote certificate tests – 400.
- Well recognized companies such as Boeing and SpaceX have used our material to train their employees.

FAQ

Q. Can the camInstructor Certification Test for MC be offered by schools that do not use the camInstructor Training Products for Mastercam?

A. No. camInstructor has successfully created Mastercam courses that cover the foundational functionality of the product so that anyone taking the course content and passing the camInstructor Certification Test (70 percent) will be able to use Mastercam to program common parts found in the workplace. This test has been designed to be aligned with NIMS Credentials and Industry standards which camInstructor has spent many years perfecting.

Q. If the school updates the version of Mastercam does the Instructor have to re-write the Certification Test?

A. Yes. This will ensure that the instructor is qualified to issue the test to their students.

Q. Who keeps track of the student marks and certificates issued?

A. The school keeps track of the student marks and certificates issued.

Q. Is the camInstructor Certificate recognized?

A. Yes. camInstructor is designated as a Mastercam 3rd Party Partner by CNC Software. Thus, camInstructor holds the prestige of a qualified organization that can offer Mastercam Training and Training Products in addition to being recognized as an industry leader in its field.
