

***Franciscan Prayer: How Saint Francis Prayed* by Fr. Murray Bodo, O.F.M., Ph.D.**

In this series, Fr. Murray Bodo explores the uniqueness of Franciscan Prayer, as well as its continuity with the Judeo-Christian traditions of prayer. Using the life and prayers of St. Francis, as well as his admonitions and writings on how we are to pray, Fr. Bodo treats the ten movements of Franciscan Prayer. With Fr. Bodo you will explore how the young St. Francis's imprisonment and subsequent reversal of his ambition to be a knight led to his becoming an interior person, how he learned that the way to God is the way God came to us in the Incarnation, and how St. Francis's prayer for identification with the Crucified Christ resulted in the sacred stigmata.

Discover the beauty and spirit of Franciscan Prayer through Fr. Bodo's enriching 12 25-minute lecture course on 4 CDs with Written Guide.
