

A Digital-First, Asia-Focused Investment Conference in Support of COVID-19 Relief Efforts

INSIGHT
2020

WEEK OF 18 MAY

COVID-19 shows us how fragile the current structure of getting together, exchanging ideas, and communicating is. Since inception five years ago, Smartkarma has challenged conventions to bring radically new models to research production, distribution, and consumption. Now, with INSIGHT 2020, we are applying this expertise towards a fresh new challenge.

Reiterating our conviction on the power of an online network, INSIGHT 2020 is an all-digital, Asia-focused event where participants can collaborate and create meaningful relationships, as well as contribute in these trying times.

Our digital event will also uniquely:

- Feature Public & Private Companies
- Involve key business heads, not just CEOs
- Include industry thought leaders
- Stream live, globally
- Donate all proceeds to charity
- Be 100% MiFID compliant
