Good Plans Start Here

Start your free Kitchen Design by creating a sketch with measurements of your kitchen.

Step 1:

Measure your kitchen following these steps (shown in 'Diagram A'):

1. Measure your kitchen space and mark it on the grid supplied.
2. Show measurements from the corners. Indicate all breaks in the wall such as doors, windows, etc.
3. Indicate all permanent appliances, plumbing, vents and electrical. Plumbing and electrical can be moved to fit a new layout.
4. Take pictures of your kitchen to bring in to your nearest store.
5. Pick a Cabinet Style.

Step 2:

Provide us with your completed kitchen layout, as shown in Diagram B, add your contact information, then either:

- Complete our Free Kitchen planning form at: <http://ecbc.io/kitchen>
OR
- Bring it in to our store nearest you

Step 3:

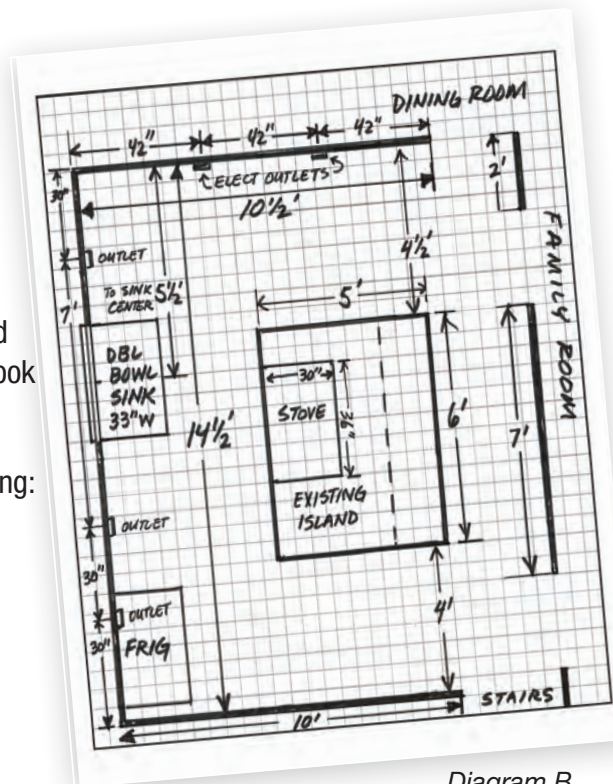

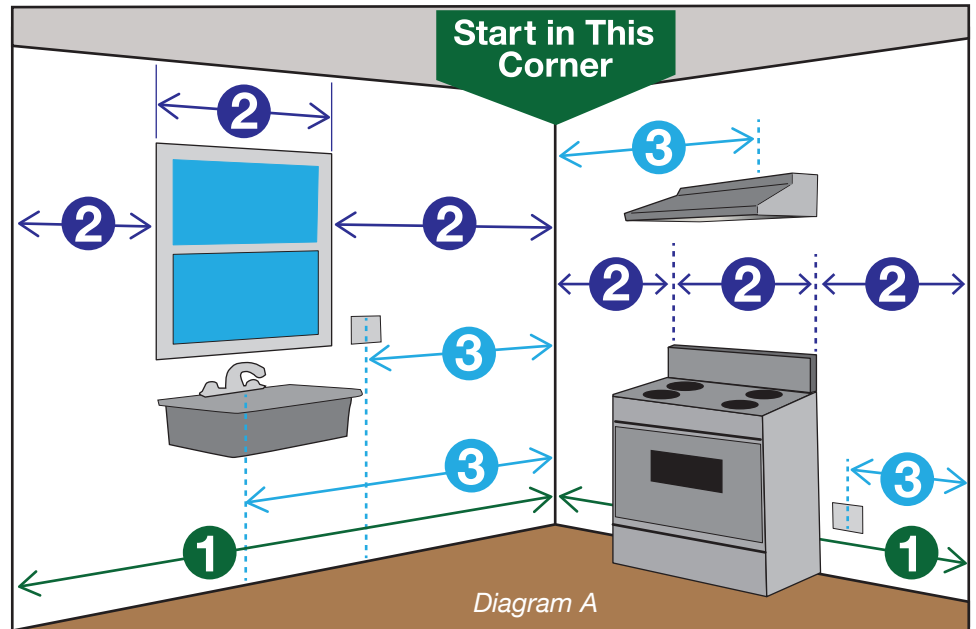

Our Kitchen Planning Specialist will create an accurate kitchen layout and add the cabinet style of your choice. You can see what your kitchen will look like and cost in many different styles, in minutes.

You will also receive a Design Center Project Folder* including the following:

- Printouts of your designs and a Best Price Product Estimate
- Access to a 360 degree virtual view of your new kitchen

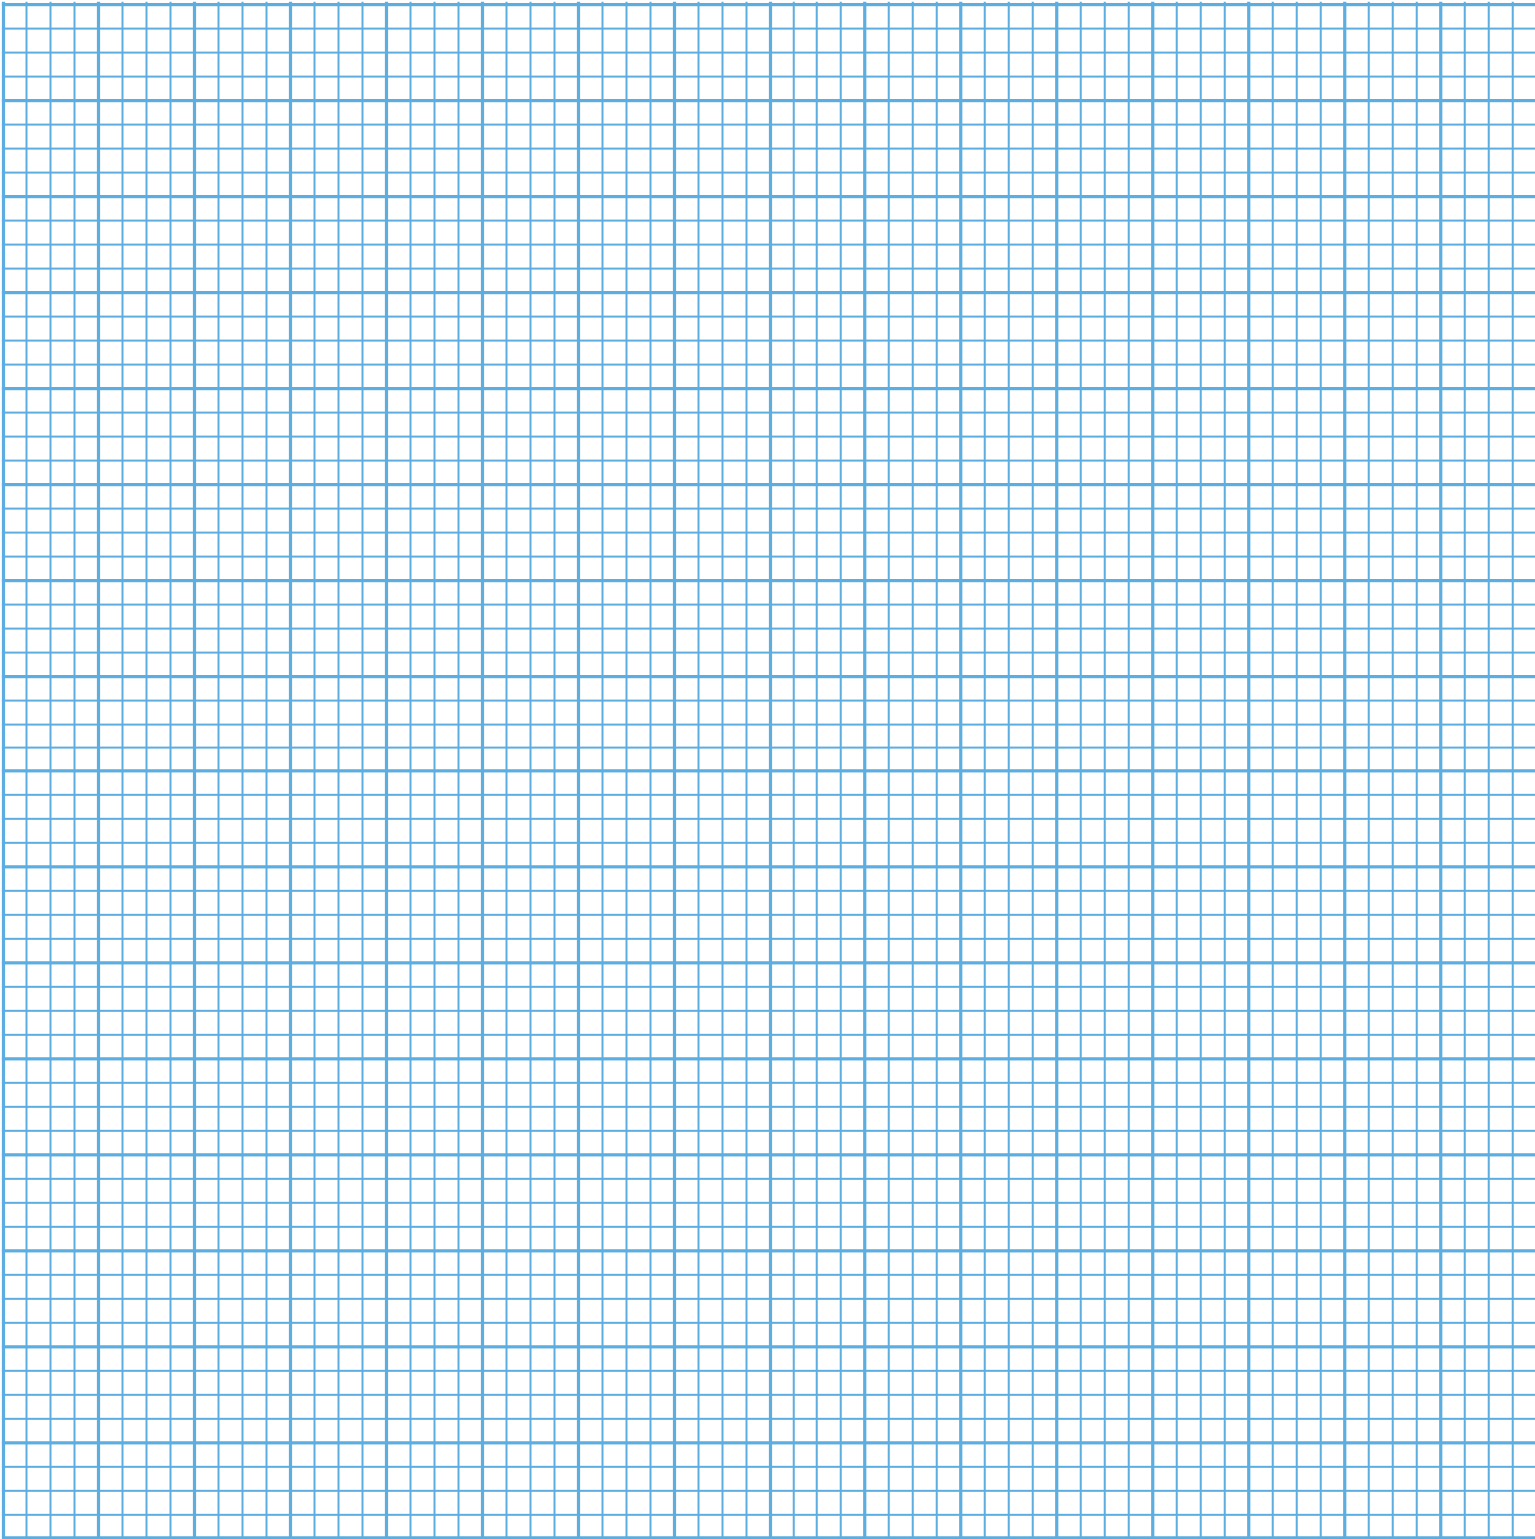

Step 4:

When your dream kitchen layout is the way you like it, order your cabinets to be delivered to our store, where you or your installer can pick them up and start your project.

Don't forget these popular conveniences:

- Glass Doors
- Soft Close Hinges
- Double Oven Setups
- Dishwasher In a Drawer
- Full Extension Drawer Glides
- On Counter Storage
- Deep Drawers
- Divided Storage
- Tray Storage Cabinets
- Built-In Refrigerator
- Trash/Recycling Drawer
- Extra Tall Cabinets
- Crown Moulding
- Farm Sinks
- Hi-Spot Faucets
- Spice Rack
- Lazy Susan
