

# Aero Sleeve 11-inch

The **Aero Sleeve** from Brenthaven is the ultimate protection solution for K-12 laptops and tablets. Constructed from highly durable compression-molded foam and a plush interior lining, devices are securely encased and protected against impact and compression. The two halves of the case come together with a raised binding around three sides of the sleeve, which creates additional distance between the device and a surface if dropped. All of these protective features come together to create best-in-class drop protection of up to 6 feet, exceeding military standards (MIL-STD-810G).

## FEATURES

- Highly protective compression molded foam construction
- Cushioned interior lining holds devices snugly in place
- Drop tested to protect against falls from up to six feet, exceeding military standard MIL-STD-810G
- Flap closure with custom center-push buckle
- Removable accessory pouch for device charger and cords
- Optional shoulder strap available
