

VERSCEND TECHNOLOGIES EXPANDS LEADERSHIP TEAM WITH JOE MORRISSEY AS SENIOR VICE PRESIDENT OF CLIENT SERVICES

Experienced Healthcare Leader With Focused Payer Experience Joins Leading Data-Driven Healthcare Analytics Company

WALTHAM, MASS. – September 19, 2016 – [Verscend Technologies, Inc. \(Verscend\)](#), a leader in data-driven healthcare solutions, today announced the addition of Joe Morrissey as senior vice president of client services. Morrissey is responsible for leading the client services team and ensuring Verscend understands and meets the needs of its more than 350 clients.

“Joe has decades of leadership and Payer experience partnering with customers to address complex healthcare challenges. His commitment to customers and execution on value will be a tremendous asset to our growing leadership team,” said Dr. Emad Rizk, CEO of Verscend. “As Verscend continues to stay ahead of the ever-changing healthcare industry, Joe will be a strong advocate for our clients and laser-focused on building a team that is centered on meeting and exceeding their expectations.”

Prior to joining Verscend, Morrissey held several leadership roles at McKesson Corporation, where he was most recently the vice president of account management. Morrissey oversaw the management of McKesson’s Payer and Government clients by leading and building a strong client-facing team dedicated to client success. He also previously worked for the Massachusetts Department of Public Health.

“Verscend has a fantastic reputation for delivering actionable healthcare data analytics and as a market leader in quality measurements. I’m happy to be joining this team,” said Morrissey. “Our clients are at the core of what we do and why we do it, and I will work with my team to ensure they are receiving unmatched service.”

About Verscend Technologies, Inc.

Verscend Technologies (formerly Verisk Health) drives better healthcare outcomes through data analytics. Our payment accuracy, revenue integrity, risk assessment and stratification, and quality improvement solutions help organizations utilize their data so they can efficiently and cost-effectively succeed in the new era of healthcare.
