

Just as you have the ultimate flexibility to custom design your Normerica timber home, we make it easy to custom design your Normerica Shell Package.

Our 'Economy' Shell Package...

VS.

Our 'Super Insulated' Shell Package

Perhaps you are building a seasonal cottage or cabin and you don't need as much insulation or want a different type of window...For your convenience we offer our "Economy" Shell Package where we have made adjustments to our 'Super-Insulated' Shell Package to meet your lifestyle requirements... and save you money.

We often provide our Timber Frame homes as a 'Super Insulated' shell package using the finest materials available... all the elements that make up the complete shell of your new home, from the top of the foundation to the roof, ready for the shingles. This is our very best building envelope.

Call us today to discuss your building plans.
