

NORMERICA®

North American Dealer Opportunities

Normerica is in growth mode! In order to meet our expanded sales targets, we are seeking individuals who are interested in becoming dealers for Normerica in Canada and the United States.

As a minimum, we are seeking individuals who are experienced in and therefore understand custom home building (ideally, timber frame home building), are confident that they can sell 8-12 timber frame material packages a year (in excess of \$1,000,000 per year), have access to a strong builder network and are located in an area with a high demand for custom timber frame homes and cottages.

The ideal candidate will have the financial stability to invest in building a Normerica Timber Frame model home at favorable prices.

If you are interested in this opportunity, please contact:
