

# MAKING A BUSINESS CASE FOR YOUR NEW SCHOOL ORGANISATION SYSTEM

Part of the process for introducing new technology into your school involves pitching the benefits, features and cost advantages to a number of key stakeholders. Once these stakeholders are onboard, then it's just a matter of getting your technology up and running.

While all technology is different, we've compiled a list of rationales that specifically relates to the advantages of an online School Organisation System (SOS) – namely EdSmart – with the rationale categorised according to the interests of various school stakeholders.

As you plan your budget and more digital implementations, consider this document your supporting partner for turning your school into a smarter school.

## Financial Savings

for the Principal + Business Manager

- For every 100 students, you save in excess of \$1200 over and above the cost of your EdSmart subscription. If you have EdSmart Transform, your savings are much higher.

## Administrative Efficiency

for the Principal + Business Manager + Deputy Principal

- Archiving – legal and historical record-keeping, safe and secure.
- Compliance – legal and school policies ticked off, logged and recorded.
- Workflows – all approvals enacted quickly and with ease.

## Staff Efficiency

for the Principal + Human Resources Manager + Deputy Principal

- Get teachers teaching – a teacher's time away from students is a school's most costly resource.
- Templates and responses – for simple and straight-forward administration.
- Reminders and follow-ups – clearly sighted and automatically performed.

## Staff Morale

for the Principal + Human Resources Manager + Deputy Principal

- Busyness and excessive administrative responsibilities are the number 1 and number 2 staff morale issues in all schools.
- Teachers love working with their students directly – give them the time to do this.
- Technology has promised to free staff from tasks but, in many cases, has instead added to workloads – EdSmart is technology that delivers on its promise of giving back time.

## Parent Experience

for the Principal + Community Relations Manager + Communications/Marketing Manager

- Parents live in the real-world of digital engagement – what does your communication and engagement say about your school?

## Environmental Savings

for the Principal + Environmental/Sustainability Officer

- For every 100 students, you save at least \$1200 over and above the cost of your EdSmart subscription. If you have EdSmart Transform, your financial savings are much, much higher.
- By using EdSmart, you can save not just a tree – you can save a whole forest.

The collective benefits of implementing EdSmart's School Organisation System speak for themselves. To get your school up and running, email [sales@edsmart.com](mailto:sales@edsmart.com)
