

Video training on demand

PMA Risk Control is pleased to introduce our new “video on demand” platform from *Safety Source*. This online portal of safety and risk management training is yet another way for your employees to learn how to reduce injuries and loss expenses further. Accessible 24 hours a day, 7 days a week, you’ll be able to conduct training at a time that’s most convenient for you and your staff.

About the On Demand Service

Video on demand is perfect for those who need worldwide access 24 hours a day, 7 days a week. The service features more than 600 streaming video titles in English, with a majority of those titles in Spanish as well. Each video comes with a quiz and answer key that can be downloaded for documentation purposes after each training.

The Safety Source Library

The *Safety Source* video library is quite extensive with new releases offered on a regular basis. Classroom topics include the traditional trainings you would expect, such as *Accident Investigation for Everyone*, *Ergonomics Training*, *Back Injury Prevention* and *Emergency Preparedness*, to name just a few. However, contemporary topics that affect the workplace today are also presented, including *Workplace Stress*, *Active Shooter & Workplace Violence* and *Harassment in the Workplace*.

User Registration

Each organization is allotted one user registration. Once determined, please email streamingdvds@pmagroup.com the following information: (1) first and last name; (2) email; (3) company name and (4) policy expiration date. In return, you will receive a unique user name and password with login instructions. Click [here](#) for the login page.
